

HELP A MOM
SAVE A BABY

4,354*

UNPLANNED PREGNANCIES PER YEAR
AT UCF AND VALENCIA COLLEGE

Over 72,568 female students attend either UCF or Valencia College in the Orlando area. It is estimated by the CDC and the Guttmacher Institute that between 6-8% of those students will experience an unplanned pregnancy at some point during their time in college. *That translates to 4,354 or more pregnancies.

The research also estimates that a staggering **4 out of 10** of those pregnancies end in **abortion**. Sadly, the number of abortions is likely even higher due to the lack of reporting and the fact that most chemical abortions received at Planned Parenthood are not included in the numbers.

“HAVING EXPERIENCED AN UNPLANNED PREGNANCY MYSELF IN COLLEGE, I WISH THERE HAD BEEN A PROGRAM LIKE THIS TO HELP ME UNDERSTAND MY OPTIONS AND PROVIDE SUPPORT.” - Chloé Battle, JMJ Center Director, Orlando

Our Action Plan:

1. Student organizations willing to help women facing an unplanned pregnancy will hand out cards with information about our **Gift A Lift** program.
2. Students needing our help will call us, and we will arrange a ride to and from JMJ with Uber. Simple & Convenient!

Worried you may be pregnant?

We can help! Let our caring staff help you during this scary time. You do have options!

We offer a **FREE** and confidential **RIDE** (through Uber) to and from JMJ Pregnancy Center. (Valid student ID is required.)

Call us at 407.839.0620 or visit us at jmjpc.org/lyft.
